EXPERIENCE

U-Haul Web Team, Senior Web Designer **Nov 2007 - Feb 2013**
My main focus was front-end design/development and user experience which included creating responsive designs for the web, adaptive designs from existing legacy apps, addressing UX issues, and providing a concentrated effort to clean up the UI for multiple applications. I also lead my design team by educating them on company standards, branding practices, and user focused design strategy.

VoteForEddie.com, Designer/Developer **Jan 2011 - Present**
I am in charge of the entire design of the website which includes Photoshop mockups and the front-end design/development for a completely responsive website layout.

Logogram, Creative Consultant/Graphic Designer **Jan 2007 - Oct 2007**
My responsibilities included developing and creating campaign brochures, direct mail pieces, redemption forms, and in-store displays. I worked closely with the sales team creating designs for their corporate clients which included recreating logos into vector artwork, designing promotional items on various mediums and several eStores. I also worked on all the Logogram self promotional artwork and designed an online catalog for the company.
